Are you someone who is well-structured and organized?

Do you like to be involved in money matters? Maybe the position of treasurer is for you then!

As treasurer, you deal with the finances of the association. You manage the association's money and account for all expenses.

Are you energetic, social, and enterprising? Networking is not a problem for you and talking to DUWO's social administrators or student administrators only gives you energy! With the information you receive from the various parties, you (partly) control and promote DUWO's policy.
